Tena Koutou Katoa,

Nga manaakitanga o te runga rawa ki a tatou katoa.

Here is a picture of our tamariki learning Haka with the tutor Kohitu Mokomoko. So far they have learnt three new items, and we hope to show you all at this year's Matariki Day on the 23rd of June at 12pm.

It would be lovely to see some parents come and enjoy the day with us at school. Don't be shy, the tamariki would love to see you all that day.

Nau mai Haere mai.

We are having a hangi as well, below is a list of items that the school would like to ask if any parents could contribute koha kai towards. We hope that the hangi will encourage whanau to come and prepare the food for the hangi also. It would be nice to see you all support the kai.

Absenteeism has been hitting hard the last couple of weeks. There has definitely been a combination of flu and stomach bugs affecting tamariki and staff. It is great to have parents ring and communicate about what is happening with their child. Please continue to keep us informed if your child is going to be absent. The unexplained or truancy code will be used for throw away excuses such as, late, tired, slept in, refusal to go to school, time off for minor ailments, avoiding sports, tests, camps, term time holidays without prior arrangement with school. Talk with us to seek approval from the school **before** important events.

Creative Writing.

Horror struck me like lightning. As I entered the door. When I entered the door I saw a big mysteries looking box. Whole!? I thought as I opened the mystery box. A book! Is that it ?? I thought, why? Suddenly the mysteries book shot a beam into the sky. Ahh No please, this can't be happening. Suddenly everything went dark... By Brodie Y6

If I lived in the magical house, stuff will move around. And if you went further there would be a dark room with potions and one of the potions are poisonous and if you -- it you might turn into a witch that posion people so bad that you might die.. By Mel Y2

One night I was boiling with anger because my brother blamed something on me. So usually I go for a walk, so I went to this forest I never been to,I went over a rigidity old bridge, it was so creaky, there was so much mold and moss. I slipped and it even got worse by raining. I said why? And suddenly the rain stopped, with happiness I march away, I blinked and then suddenly blue mist came out of nowhere...By Arahia Y6
