

April 6th (Week 10, Term 1; 2023)

Kia Ora e te whanau,

And just like that term one had come to an end. Daylight savings helps us all to return to the normal daily pace, with fresh mornings and cooler evenings bringing a change in season. We hope everyone has a safe and sound holiday break, keep reading, writing, drawing, playing, creating, exercising, and developing your minds with a variety of activities. Make sure to check out the holiday programmes available.

### Concerns and complaints procedure

We encourage open communication and ask that you contact the school promptly when issues arise. If you have a concern, please let us know before sharing negative personal views. In all instances, you may have a support person to help you raise a concern or make a complaint. The procedure can be found on our school docs website.

### Principal Appraisal

*The Te Mahoe Board of Trustees would like to take this opportunity to congratulate Whaea Tammy on her successful completion of her goals set in her appraisal. We are fortunate to have a committed and passionate principal who chose to use her study leave to ensure our local curriculum was established. We also had a great review from ERO and this is partly due to the systems and processes that were put in place. We appreciate your dedication and acknowledge the hard work you put into our kura!*

I was at the beach and I saw a gigantic tentacle coming out of the blue, frosty sea.

Everyone looked terrified. Screams and cries filled the air, everyone ran away. Sooner or later it came out and it was exploring the city and as soon as everyone looked up they soon found out that it was a giant kraken!!

Author: Luke Moore

An octopus is in the city because it wanted to eat the people because he said that they look yummy because octopus like people.

Author: Angel Bosma
